Advanced Customization with Yotpo

Advanced Customization with Yotpo Creating a cohesive brand experience is of paramount importance to your shoppers, influencing everything from product discovery to overall conversions.

Yotpo's new Advanced Customization service specializes in creating a unified brand language for your Yotpo assets, including:

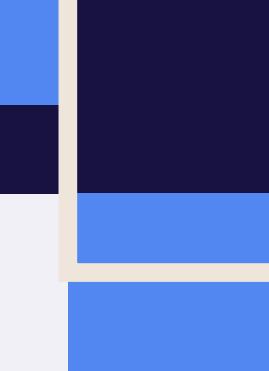

Review Widgets

Emails

Landing Pages

Working with Yotpo's Advanced Customization service is easy. Simply choose a design from the range of options below, and our in-house customization specialists will take the template you select, and customize it especially for your site. If you are seeking to create a unique design that is not reflected in one of the templates, our team would be glad to tell you more about our Tailor-made Customization services.
